SOME TERRELL/WHITE DESCENDANTS . .	2296
SOME DESCENDANTS OF CAPT. WILLIAM A. TERRELL, SR.	2299

My brief article outlining our need for organizational changes is in the right column.

Thus far, I have not had anyone express any interest in any of these tasks except LENDING LIBRARIAN and Newsletter Editor. Those individuals seem to already have a full load.

My health seems to be holding its own right now, but only GOD knows how long that will last.

As I outlined in the Spring issue, some or all of these duties must either be assumed by another member by Dec. 31, 2010; the Society must be restructured to operate within the limits of new volunteers; or the Society must be dissolved. The choice is yours.

ORGANIZATIONAL CHANGES NEEDED

I have enjoyed my 24 plus years as Corporate Secretary and as newsletter editor more than words can express. I wish I could continue this indefinitely.

Unfortunately, my sudden aorta problem and emergency surgery in 2005 brought home the fact that none of us is immortal. It is beyond time for us to make plans for someone younger and less likely to have a sudden demise to take over some of my duties of running the Society.

If you have a sincere interest in any of the following, please let us know at the above address as soon as possible.

CORPORATE SECRETARY: Holds the corporation seal for any documents that must be signed by the corporation. I hold that position since we incorporated, and have not used the seal more than two or three times.

REGISTERED AGENT: Serves as contact for the Secretary of State, State of Georgia. The annual renewal notice and other correspondence from the Sec. of State are mailed to this individual. This agent does not have to be a corporate officer, but, *must reside in the state of Georgia*. Otherwise, the Society will have to go to the expense of incorporating in the state where the agent lives.

LENDING LIBRARIAN: keeps our original copies of all the volumes in the LENDING LIBRARY; makes up listings of these items to mail along with issues of TERRELL TRAILS.

NEWSLETTER EDITOR: sorts through available info and decides what to publish.

**DESCENDANTS OF SHEPHERD
AND MARY (DUNFEE) TERRELL**

Submitted by: #683 Terry Terrill with the following note:
"This is about as far as I can go with the sources available to me. I've removed David and John because they appear not to be Terrells after all. I checked the census records on microfilm at the library. As I mentioned before, Shepherd and Mary are missing from the 1850 census on the online records. They are on the microfilm records. David and John also appear in three census records and the first letter of their last name is clearly an "F" in all of them."

Editor's Note: I inserted the person numbers manually. The numbers are for positive identification of the individual in case someone can add information. If you find an error in numbering, it is my error, not Terry's. Those with + before the number appear again with additional information. My heart-felt thanks to Terry for sharing new information on these descendants. *DFB*

SOME TERRELL/WHITE DESCENDANTS

Editor's Note: I must apologize for not being able to list the source of the following information. I was sent to me several years ago by a Society member. The generated format had too much white space for me to merely insert it as an image. At that time I had no way of using OCR to convert it back into text without retyping the entire article. During the interim, the item became separated from the envelope with the donor's name. In this article, all those with descendants listed have numbers (1, 2, etc.) It would have been redundant to add "+" to them. *DFB*

SOME DESCENDANTS OF CAPT. WILLIAM A. TERRELL, SR.

Submitted by: Norm Perry (in FL) 1 Jul 2003 NormPerry@msn.com

1. **Capt. William A. TERRELL, Sr.** b. 1659 New Kent County, VA, d. AFT 1743 Hanover County, VA. William is the son of the immigrant, **Sir Richmond TERRELL** and his wife, **Elizabeth**; m. 1691 **Susannah WATERS**, b. ABT 1660 New Kent County, VA

"William TERRELL was living in the forks of the Pamunkey River in St. Paul's Parish, Honover County (VA), in January 1706. The church vestry appointed **William HARRIS** to be the surveyor of a new road in the forks, and **William TERRELL**, on the south side of the river, was ordered to assist him in clearing and making a road. The land between the North Anna and the South Anna rivers, near where they came together to form the Pamunkey, was often referred to as 'the Forks'.

William lived in the same area as Captain **LITTLEPAGE, John BLALOCK, Edward GARLAND** and **Thomas CARR**. Repeatedly, William's land was described as near the land of these neighbors, in the same precinct, in the processioning lists of St. Paul's Parish. It is believed that he continued to live on this same land, even though it is believed that it was he, who patented land in what was to become Caroline County (VA).

It appears to have been **William TERRELL, Sr.** who patented 300 acres of new land on the southwest side of Polecat Swamp in the county of King William. The following year he patented an additional 100 acres on the north side of the Pamunkey River in King William County; however, he did not cultivate this land. William continued to take up land around Polecat Swamp, acquiring 400 acres in 1716, and then in 1717, an additional 400 acres with his son, **William TERRELL (Jr.)**. In January 1718, the records identify William as Senior, when he patented 229 acres on the Polecat. It was adjacent to the land he owned that was called 'Raven Neck' tract.

An additional 400 acres of land were awarded William on both sides of the north fork of Polecat Creek, also in 1718. These all appear to be patents that can be identified as those of William TERRELL, Sr. From the descriptions of the land, there do not appear to be any re-patents of the same land. In all, just the land patents in the Polecat Creek area amounted to 1,820 acres. There is no record of how much land he owned in St. Paul's Parish in Hanover County.

At that time, settlement was encouraged in the King William-Caroline County frontier. It is said that the settlers were awarded 50 acres for each child that they claimed. William acquired a reputation of having eighteen children in ten years when someone later totaled his acreage in land patents. He appears to have taken up considerably more land than that, which stretches the credence of the observation on two counts.

It seems that William continued to live in St. Paul's Parish, so it is likely that it was his son, **William (Jr.)**, who established himself in the newly created St. Margaret's Parish in Caroline County. A number of the children of **William (Sr.)** were later to live in the same area, so it appears that his land went to his sons and daughters.

There does not appear to be conclusive evidence as to the ancestry of William TERRELL. There are many TERRELL descendants scattered throughout the United States and a number of family histories have been compiled. Some were undertaken at early dates, and the compilers did not have the benefit of more recent extensive research. The latest, and it seems, the most authoritative, has been written by **Emma Dicken**. She has corrected some earlier misconceptions and has provided some good insight as to the origins and the relationships of the early TERRELLS. By her own admission, some of the relationships cannot be documented, and family tradition is the only source of information available."

"No reference has been found which documents the relationship of father and son between **Richmond I** and **William TERRELL**. It is generally accepted, within the TERRELL family, that William was the son of Richmond I. Other sons were **Timothy** and **Richmond II**, who patented the new land in Hanover County (VA) in 1732. Both were in Hanover County (VA) at the same time that William lived there. A tradition handed down among the descendants of several branches of the **Joel TERRELL** family (a son of **William**) has claimed **Richmond I**, as the ancestor of Joel."

"Family tradition has always passed down the information that **William** married **Susannah WATERS**. The wife of **William** was named **Susannah**, as she was identified in a document granting her power of attorney to her son, **Henry**, to relinquish her dower, when she and William deeded land on Polecat Swamp, in March 1725, to their son, **David**.

No conclusive information as to her maiden name has been found in the available records. It is known that **William** had sons, **David** and **Henry**, and a son, **William (Jr.)**. **Joel (TERRELL)**'s grandson recounted in his family history that William TERRELL was the father of **Joel**, and that Joel had brothers, **James, John** and **Timothy**.

It is said that **Anne**, the daughter of William and Susannah, married **David LEWIS**. While the name of Mary TERRELL has not been found in any of the records, there can be little doubt

that she, too, was the daughter of William and Susannah. The account of the life of **Micajah CHILES** discusses this fully.

The lives of **Micajah** and his wife, **Mary**, and later, **Mary** and her second husband, **Matthew MILLS**, were so completely intertwined with the lives of **David** and **Henry TERRELL** that there can be little doubt of this relationship. **Matthew** and **Mary** named a son **William Terrell MILLS**. **Micajah CHILES** owned land adjoining the land of **William TERRELL** and **Joel TERRELL** of Polecat Creek.

William TERRELL, or his son, **William (Jr.)**, continued to buy land as late as March 1773, when he bought land from **Ephraim Richard LITTLEPAGE** adjoining **John GIBSON** and a little below the fork of the river next to land of **Richard HARRIS**. The land of **William TERRELL** was ordered possessioned on November 18, 1743. This was the last mention of his name and his land in St. Paul's Parish in Hanover County (VA).

William must have died not too long after the 1743 possessioning order. There are no Hanover County court records extant for that period, so his exact death date has not been found. The Henrico Monthly Meeting of the Society of Friends identified **Henry TERRELL** in their minutes on April 3, 1744, as being the son of **William TERRELL**, deceased, of Hanover County. Since **Susannah** had a number of children living in Caroline County (VA) at that time, she may have gone to live with one of them in the Polecat Creek area.

William and **Susannah** had many grandchildren. In all, they must have had at least nine children, who lived to adulthood and all of their children had several children. The **TERRELL** descendants migrated to the South, to North Carolina; and to the west, first as far as Campbell County and Lynchburg (VA), then over the mountains."

The above is reprinted as it appeared in the book, *TIDEWATER VIRGINIA FAMILIES*, by **Virginia Lee Hutcheson Davis**, pages 267-269, published by Genealogical Publishing Co., Inc., 1001 N. Calvert Street, Baltimore, MD 21202-3809. The book attempts to give an accounting of **William TERRELL**, his father, **Richmond**, and his sons and grandsons. The author, **Davis**, gives a good accounting of references in the book to verify her data.

Another publication gave one slight variation in the children in that it listed a **John** but no **David**. There is always the possibility that the child was named **John David TERRELL**, but there is no evidence of that.

This latter publication had one major difference. It listed **William** as **William TERRELL II** and his father as **William TYRRELL**. It also noted that "the name prior to coming to Virginia was **TYRRELL** but after the migration it was changed to **TERRELL**."

If interested, this latter publication is the microfilmed (#41976) 1953 publication, *WILLIAM SIMMONS of JAMES CITY COUNTY AND SURRY COUNTY, VIRGINIA and DESCENDANTS in VIRGINIA, NORTH CAROLINA AND GEORGIA*.

BEF Nov 1766 Caroline County, VA **David** "probably grew up in the forks of the Pamunkey River. His father and mother deeded 400 acres of land in St. Margaret's Parish, King William County (VA), to on March 16, 1725. **David** settled on that land in the Polecat Creek area, near what was to become Caroline County (VA) and Golansville. It was the same area in which a large group of Quakers settled, and **David** embraced the faith. He married **Agatha CHILES**, the daughter of **Henry CHILES** of St. Paul's Parish, Hanover County (VA). The first mention of **David** in the minutes of the Cedar Creek Monthly Meeting was his attendance at a marriage in the First Month 1739, when he signed a marriage certificate. **David** became increasingly active in the Society and was one of the men who bought the land for the Golansville Meeting House. He contributed money and his energies to the Quaker community and had property seized on several occasions for not paying the proscribed parish levy and for not attending militia meetings. In 1752, he became the overseer of the Cedar Creek Meeting.

Some of the children of **David** and **Agatha** "remained faithful to their Quaker heritage and some did not. In December 1757, **Agatha** openly declared that she was not one of the Quakers. **David** died by April 12, 1759, as his will was recorded on that date in Caroline County. He named all of his children except **Susannah** and **Jonathan**. They were born after their father had made his will in 1751. They were later provided for in the will of their uncle, **Henry TERRELL**. **Agatha** was appointed the guardian of **Rachel, Chiles** and **Christopher**, who were still under age. **Agatha** died before November 1775, when the settlement of her estate was noted in the Caroline County court records."

He was a Justice of the Peace, 1748-1752, in Bladen County. He made his will in Orange County February 7, 1763. In his will he mentioned his wife and his daughters: **Jem-**

ima, Milly, Mary, Betty, Ruth and Cosiah; and his sons: Soloman, Micajah, Nimrod, Moses, Daniel, Simon & Aaron (twins) and Richmond. The Executors of his will were his wife and his friend, John PITTS. Witnesses were Abraham TEAGUE, Joseph TEAGUE and Joseph MC LESTER. The above information was taken from the microfilmed (#41987) 1953 publication, WILLIAM SIMMONS of JAMES CITY COUNTY AND SURRY COUNTY, VIRGINIA and DESCENDANTS in VIRGINIA, NORTH CAROLINA AND GEORGIA. Please note that the will mentioned in the publication varies slightly from the information I received from an earlier source in that it lists the twins as Simon and Aaron (no dates), whereas my earlier source carried the twins as Moses and Aaron, born in December 1755. Other variations were the spelling of the names, though they were all very close in similarity, such as Milly rather than Millie and Richmond rather than Richard. Researchers should make their own choice of the material given herewith.

I believe that Terrell was the maiden name of one of our ancestors. My brother Jephtha Terrell KENNEY was named for our g-grand father Jephtha Terrell WILSON b. June 20, 1845 D. December 9, 1919. His father was John S. W. WILSON b. August 3, 1813 d. August 9 1888. He was married to Rachel C. She was born Abt. 1826 (1880 census age 54). They all lived in Heard Co. & Carroll Co., Carrollton, GA. While looking at The Terrell Web site I found in A Terrell Trails the following: Rachel Terrell Wilson 769. Can you tell me if there is any connection? Thanks, Gordon KENNEY 800-259-2185 gordon@plantmates.com

Editor's Note: Page 769 of Terrell Trails has one Rachel WILSON who m. Melvin Eugene TERRELL in NE in 1947. The listing you found should have been, TERRELL, Rachel WILSON, not Rachel Terrell Wilson. *DFB*

My name is Mirah Terrell. I am eager to learn the history of my family. Sadly, I only know a few names, and have not had any luck finding out any information. I would appreciate any direction you could give me. I do know I am a descendant of Robert A. TERRELL for whom Terrell, Texas was named. I am not able to get any information on him, other than what is on the Terrell, Texas website. Thanks for your time in reading this email.

Mirah;

Sorry about the delay in responding. We have been plagued with virus and other computer troubles all summer. It will help if you supply us with the proven lineages between Robert A. TER-

RELL and you. That will help us complete the line to the present.

Don C. Terrill, to whom I am forwarding your message, can provide ancestry of Robert TERRELL of Terrell, TX. He sends paper copies and will need your mailing address. Sincerely, Dan Brinson

The only information I know is the following: My Father- Harrel Wayne TERRELL; His Parents: Harrel Welton TERRELL & Ellie Odeal ELLISON. I do know that Robert A. TERRELL is one of my Great-Grandfathers. Sorry, this is all the information I have. I do know also, we are related to Quannah PARKER (the Chief) somehow. I don't know if this has anything to do with this lineage. Again, thanks for all your help! Mirah Terrell mirahd@swbell.net

Mirah,

I'm sorry; I just can't find a match. It might help if you could tell me where these people were born or where they lived. I will try to match them through census records. Also, many people have heard stories that they had an Indian ancestor, and most of it dates back to the Dawes Commission in the early 20th century when the U.S. Government had several million dollars to distribute among the descendants of Indians from the five civilized Indian nations. Suddenly, many thousands of people "discovered" that they had an Indian ancestor and filed a claim. Many of these claims were bogus. I have good information on Robert Adams Terrell, for whom Terrell, Texas, is named. Please send me information on your father, grandfather, and so on. I will try to make the link and mail you what I have. I will need also a postal address. Don C. Terrill

Dear Don,

My name is Gail Nielsen. My Grandfather's Mother was **Mary Eliza TERRILL**. I can't seem to find any information about her. The Obit said she was born in Lackawaxen Pennsylvania in 1876. Her Father's name was **Lucieus TERRILL**. Mother **Mary** no maiden name. If you would have any information on this family I would like to know something about them. I'm sure they must have had family somewhere. **Mary Eliza** married **Sanford CONKIN**. She died at the age of 34 in 1910 in Port Jervis, Orange Co., NY. I have been searching for a few years now but come up with nothing. Hope you can shed some light on this. Gail Nielsen swdreams@frontiernet.net

Gail,

As I personal project, I research only Southern Terrells and do not have data on the Pennsylvania family. I am forwarding your query to the Terrell Society of America for possible inclusion as a query in the quarterly newsletter "Terrell Trails." Don C. Terrill

Does anyone have any info on this **Ples** (born June 10,1878, and died Nov 5,1948) and **Sarah S. TERRELL**? I found a Ples and Sarah TERRELL buried at the Tioga Cemetery in Rapides Parish, LA. The **Wiley Pleasant TERRELL** we have is the son of **Wiley Hanley** and **Fannie NICHOLS TERRELL**. Wiley Pleasant and Sydney are buried in Vidor, Orange County Texas in the Restlawn Cemetery. I ask everyone at the Reunion in 2002 but no one knew about this one. If anyone has any info please let us know. Thank You, #585 Elna Etheridge; P O BOX 130; WAUSAU, FL, 32463-0130

I am attaching a MS-Word file with the ancestry of **Marion A. Terrell** as you have requested on the Ancestry.com Terrell message board. Unfortunately, I have no information about his wife Agnes or her ancestry, and I have no information about his two children (that I have identified) **Hiram** and **Annie**. I would appreciate any information that you would care to share. Don C. Terrill

Hello Dan, Just came upon the Terrell society webpage. We are Tirrells from Maine. We cannot find any info about our great-grandfather **Charles W. TIRRELL**, We believe he was from Ireland. Born 1848 and died in MA. 1917. He married **Annie TUTTLE** and had child born in MA, NH and ME. He was a shoemaker. Any info would be of great help to a large family searching. Thanks, Robert Tirrell; 3 Hillview Ave.; Limerick, Maine mtirrell@adelphia.net

My ancestor, Dr. **James Terrell BROWN**, was born in Meade County, Kentucky June 29, 1827. How may I find more information about him and his family? **Gwen Solyom**; P.O. Box 3620; Lynchburg, Va. 24503 solgwen@earthlink.net

My master index of TERRELL TRAILS and a few of the volumes in the LENDING LIBRARY contain 221 entries for the surname BROWN, but none for **James Terrell BROWN**. I am sending a copy of this message to our president, Mr. Don C. Terrill. Perhaps he has him in his "family tree" type database.
Dan

He was the son of **William Bailey Clark BROWN** (1799 to 1879) and **Matilda FONTAINE** (1803 to 1876). The Terrell connection is from Matilda's grand-parents. Her parents were **James Terrell FONTAINE** and **Deborah HOBBS**, and James' parents were **Aaron FONTAINE** and **Barbara Overton TERRELL**. Don C. Terrill

I am recovering from Aorta surgery. It may be some time before I can devote time to this because of my health. In the interim, I am forwarding your message to our president, Mr. Don C. Terrill. He may be able to supply the info that you seek. Dan Brinson

Actually, I show this **Edmund TERRILL** as born on 22 Feb 1830 in Garrard Co, KY. By 1849 he was in Clayton Co, Ill., where he married Miss **WALLACE**. Based on my research, he appears to be the son of **Henry Towles TERRILL** (1802-1873) and **Frances Walthall Turpin**. Don C. Terrill (with the Terrell Society of America)
