CORRECTION

Due too lack of information at the time of publication, your editor committed a regrettable error.

On page 36, in listing the family of George Phillip & Carrie Alice CASON TERRELL, their son Paul Kenneth TERRELL (02/17/1930--01/23/1959) was listed as married to Ruth ? ? with no children.

This error was made due to both loss of family ties and failure to communicate.

Paul is my cousin. However, he married, lived his latter years, and died in the Washington, DC area.

I was told that he had married a

woman who had a daughter. I also knew that Valerie TERRELL came to Grady County, GA to visit. No one told me that she was his daughter, not his step-daughter. She does have an older half-sister, but for some unknown reason, I had never heard her name mentioned, only Valerie. After Paul's death, I never saw or heard from either Valerie or her mother until after that information was published. They remained away from the local TERRELL families for many years.

However, ties have been reestablished with this branch of the family and I am proud to be able to publish this correction.

Paul Kenneth TERRELL md. Ethel Ruth GETTIG in the Washington, DC area, and on 08/11/1950, their daughter Aliss Valerie TERRELL was born in Bethesda, MD at the National Naval Medical Center.

Aliss Valerie TERRELL now lives in Paris France, and is Member #245 of the Terrell Society of America, Inc. I apologize again to both Paul and Valerie for my original error. However, it was due to lack of information, not intent.

ROOT HUNTERS, DECEMBER 1990, NUMBER 3; pages 179-252, 8 1/2 x 11, soft-bound; published by Craigmiles & Associates, P O Box 546, Thomasville, GA 31799.

Editorial policy is very liberal, welcoming all articles of genealogical merit and promising that articles will be published as time and space permit. However, they do not have time to check accuracy of items submitted, nor do they assume any responsibility for errors.

Queries are free to subscribers, \$3.00 each to others. Queries published as space permits, limit 50 words (250 characters) per query.

Book reviews will be published and the volume placed in the library for other researchers.

Commercial advertisements are accepted. Circulation of this issue was listed as 250 per quarter.

I found this issue interesting from cover to cover, probably due in-

TERRELL TRAILS

part to the fact that my roots run back to the early 1800's in the Thomas-Decatur County, GA area. I'm sure anyone else with roots in this area would also find it fascinating. This issue included: three family genealogies; two cemetery surveys; continuation of church minutes; excerpts from the SOUTHERN ENTERPRISE (1861) and the ALBANY GEORGIA PATRIOT (1845); intermixed with copies of wills, graduation class listing, and other interesting items.

A surname index neatly concludes the issue.

If you have any interest in southwestern GA history and genealogy, this publication is for you.

MEMBERSHIP DIRECTORY LOST

Due to computer failure, all the work that had been done toward entering data for a new membership directory with a listing of TERRELL (or variant) ancestors was lost.

I had entered the ancestral information for about 75 members into a new database program with which I was still experimenting.

Due to the experimental nature of that segment of the hard disk, I had not backed it up on diskette.

However, Lord willing, I will begin rebuilding that work as soon as possible, and hopefully we will still have our directory at some future date.

I apologize for this delay. DFB
