E-MAIL ADDRESS

The Terrell Society of America, Inc., now has an INTERNET e-mail address, at least temporarily.

Thanks a grant that placed a public Internet access dial-in service in the Roddenberry Memorial Library in Cairo, GA, you can now reach us from any commercial service that has e-mail with internet access.

The internet provides computer communications between commercial services (AOL, CompuServe, Delphi, & others), university computer users, government agencies, software vendors, and everyone else with internet access.

If you do not have direct internet access, read your service HELP section on line, or check your manual to see how to address something to get to the internet.

Usually your internet address will be "your user ID@your service." For example, in CompuServe, replace the comma with a period and you will have something similar to this: 12345.6789@compuserve.com. For AOL users, it's screen name@aol.com.

THE TERRELL SOCIETY E-MAIL ADDRESS IS:
dbrinson@mail.public.lib.ga.us

Try it out. Enclose your regular (snail mail) address. I will acknowledge all messages. If you do not receive a reply from me within 2 weeks, follow up with a letter and maybe we can figure out what went wrong

E-MAIL GENEALOGY ARCHIVE

There is a massive genealogy database on the internet where files can be gotten by E-mail. (There may be others, but I haven't located them yet)

(Internet) Address a message to:

LISTSERV@VM1.Nodak.EDU

Do not include a subject or message description. Type the following one line message exactly as shown:

get FAQ index

Do not append a signature. Send your message. Disconnect.

Your request will be automatically processed by the computer and the requested file will be e-mailed back to you. Check your e-mail again in a few hours. Your requested file should be there. In some cases, it may take overnight if the computer is loaded down with other requests.

Read the FAQ list.

You will get a list of files contained in the FAQ (Frequently Asked Questions) directory. This is maintained to keep hundreds of people from asking the same question individually.

For example, there are two files of general interest to everyone: ADDRESS (address help with ROOTS-L); & LISERV (Basic info on the ROOTS-L List and how to make requests to LISERV). WHAT2ASK is a file of questions to ask in doing family genealogy. This is a good choice for beginners.

There may be files listed that apply to your situation. If you have a PC and run windows, then PC and WINDOWS should be on your request list.

Send a second message just as you did the first:

LISTSERV@VM1.Nodak.EDU

Request your files in the body of your message and put each request on a separate line. For example:

get FAQ address

get FAQ listserv

get FAQ pc

get FAQ windows

Don't get greedy. Request only 4-5 files at a time. Also limit your request to one per day. (That's not a listed requirement, but it is good etiquette. Give someone else a chance too.) If you do not get all the files requested, try requesting the others one per message.

Next day, try:

get FAMILY index

Digest this index carefully and you should have enough to keep you happy for a long time.

NOTICE

I received information from **Marty HOAG**, the postmaster at **LISTSERV** indicating that the owners of this list are looking for a new home for it with the next few months. He did not say so, but I assume that there will be a reasonable period of time when a new address is posted, and or e-mail forwarded to the new location if the list does move.

ELECTRONIC INDEX PLANNED

Now that I have the index to Vol VI-X in a data base that can be amended with minimum effort, I intend to incorporate the original index to Vols I-V into one master electronic index covering all the volumes.

Each year I will try to index the volume for that year and make it available both as an index for that year, and incorporated into the master index.

Those of you who do not have computers will be able to request a printed annual index at a nominal cost. Printouts of the master index will also be available for members who desire one.

Those of you who have computers may request either the electronic master index, or the single year edition of interest to you.

We intend to make these indexes available on IBM Compatible 360K or 1.2 meg 5 1/4" diskettes and/or 720K 3 1/2" diskettes.

We will attempt to maintain an E-Mail address at the editor's home so that those of you who have E-Mail can get your index via that method. This will overcome our inability to write Apple or MacIntosh diskettes. Maybe we have at least one member with each of these who will volunteer to accept a copy of the index via either modem or E-Mail and make it available in the proper format to those who need it at a nominal copy cost.

OTHER SOCIETY ELIGIBILITY

By Mrs. Jean Dickerman

I am more than happy to assist TERRELL descendants with an invitation to the **National Society of Magna Charta Dames or Barons**. I only ask that they verify that they are eligible back to either **William TERRELL** who md. **Susannah WATERS**, or to **Richmond TERRELL**.

Some may be eligible for **National Society Colonial Dames Seventeenth Century** (in the American Colonies by 1701 & born by 1685). I will be glad to assist any who descended from **William TERRELL**, especially through his sons, **David** or **Henry**.

Those descending from brothers, **Pleasant TERRELL** or **Thomas TERRELL**, are eligible for the **National Society of Daughters of the American Revolution**.

At the present, I am researching the ancestors of **Agatha & Ann CHILES** who married **David & Henry TERRELL**, respectively.

I'm "sold" on family lineage--having done many lines for my husband, my grand children's paternal side, and my own.

EDITOR'S NOTE: Mrs. Dickerman's address is: 501 North Mohawk; Horseshoe Bend AR 72512-1927. Be courteous when you write--enclose a long SASE.

TERRELL/MOORE/SPENCER CORRECTION

By Mrs. Charles E. Sturtevant

Some clarification is needed regarding the **EDITOR'S NOTE** in that article (page 844).

The editor's interpretation of relationship is correct. The original article was incorrect in saying that "Ezra SPENCER, Sr., a native of Saybrook, CT, who with his father, Joseph SPENCER of English Ancestry, came to Wayne County, Penn." Actually, Ezra SPENCER, Jr. came with his father, Ezra SPENCER, Sr. Joseph SPENCER died 18 Feb 1810, as recorded in the Congregational Church Records of Westbrook, CT. He never moved to Pennsylvania. His brother moved there in 1812 and Ezra, Sr. and Ezra, Jr. followed in 1816 (*Illustrated Wayne County*). The ancestry of Joseph SPENCER is well documented in *The American Genealogist* beginning in Vol. 27, p. 87. His mother, Lydia GRINNELL, was a great-great granddaughter of Mayflower passengers, John & Priscilla ALDEN.

NOTE: My apologies for any inconvenience my misinterpretation caused. DFB

GENEALOGY? ASK DAN!

Q. One of our major problems is the need for evidence concerning the Mary TERRELL who md. James MOORE of NJ. We are interested in the numerous books listed for your LENDING LIBRARY. None of the references we have found deal with the NJ branch of the family. We are wondering if any of the books on your list cover that branch. CSS, NH

A. First, most of the books deal with the Virginia lines. *GENEALOGY OF THE TIRRELL FAMILY OF WEYMOUTH MASS* by Benjamin TIRRELL is the only volume in our library that is devoted to the New England Branches. Our President, Mr. Don C. TERRILL has added an excellent index to that work. It should not take long to check it. I do not have a copy. *The TERRELL FAMILY* by Gen. William Henry Harrison TERRELL contains many letters from persons who responded to his requests for information. I do not know whether the index for it is finished. I do not know whether there was any response from NJ descendants. Migration patterns were generally west and south making the NJ TERRELLS more likely to be of the New England lines.

I assume from the information submitted that the marriage of their daughter, Mary B. MOORE in PA occurred about 1830 with her birth listed as 1811. That would place the marriage of Mary TERRELL & James MOORE about 1810 or earlier. That would place the birth of Mary TERRELL 1890 or earlier.

TRAILS, page 194 lists one Adam TYRRELL in Cumberland Co. NJ #2 on Hopewell Township tax list May 1778; one William TYRRELL in Gloucester Co. #15 Galloway Township 1773; another? William TYRRELL in same county Gr Egg Harbor TWP on September Tax list 1773.

TRAILS, page 161 lists several entries for Abraham TERREL in Essex Co NJ #128 Elizabeth Twp 1780 and in Westfield Twp in 1810-1812; Daniel Enoch, Ephraim, Ephraim Jr., & Isaac were in the same townships during the same period.

TRAILS, page 193 lists Ebenezer TURRELL in Essex Co. #28, Newark Twp. Feb 1782 tax list; one N. N. TERRILL, same county, #437 Rahway Twp 1840 and one Nancy TERRILL same county #22, no Twp listed 1840. These are after your MOORE ancestors went to PA, but are included because of a possible connection. Maybe this has narrowed your search some. Good Hunting! DFB

CHEROKEE RESEARCH

By Dan Brinson

We have some members who believe their lines intermingle with the Cherokee Indians who formerly inhabited the SE USA. This article is for their benefit

This information is abstracted from a file called CHEROKEE1 which I found in the ROOTS-L GENEALOG archive, a part of the Utah/Brigham Young Univ/LDS/GENEALOGY gopher network on INTERNET.

10/27/92

.... a selected bibliography of what I consider the major sources for researching the Cherokee. I have attempted to exclude rare and hard-to-find sources. Hopefully, all or most of the sources will be available somewhere for Interlibrary Loan. If you wish to purchase the sources, my favorite bookseller here in Tulsa, OK gave me permission to give you her name, etc. She does mail orders and has contacts with many of the authors who self publish in the area of Cherokee Indian materials. **She is also a Cherokee genealogist.**

SELECTIVE BIBLIOGRAPHY ON CHEROKEE INDIANS

Compiled by Melodie Sanders, 26 October 1992

This has been compiled as a selective bibliography for genealogists researching Cherokee ancestry. Thus a few general guides on Native American research are included as well as specific guides to Cherokee research. Many of the techniques for searching are common to genealogical research in general and are also common to research on other Native American tribes. I have included a section on history. The Oklahoma, Georgia, Tennessee, North Carolina, and Indian Territory history and genealogy are also intertwined with the Cherokee Indian history.

As most genealogists doing Cherokee research will need to borrow (or purchase) the materials used, I have made an effort to try not to include rare or hard to get materials. If you plan to borrow the materials through Interlibrary Loan, many of these materials are special collections materials at the University of Oklahoma Libraries and University of Tulsa Libraries. I suggest checking the online catalogs through Internet for circulating materials before requesting your library to order them from either of these two libraries. If you wish to purchase, Mary O'Brien Bookshop, 2313 East Admiral Blvd., Tulsa, OK 74110, (918) 587-9338, accepts mail order requests. I will also supply the addresses which are in my files to anyone requesting.

The TYRELL connection with the WASHINGTON family.

It really should not be surprising that two illustrious Families like the Tyrell's and Washington's have at some point in history crossed paths. This they did when Sir John Tyrell of Springfield and Heron married his second wife Martha, daughter of Sir Lawrence Washington of Garsdon Manor Wiltshire. Sir Lawrence Washington was the Grandson of the builder of Sulgrave Manor in Northamptonshire, from where descends a family line to General George Washington first President of the United States.

Now in 1643, Martha's younger brother Lawrence was taken ill at Oxford and his father who was also in poor health went there to be with him. Sir Lawrence became even worse and just before he died, sent for Sir John in order to settle his estate. It is presumed Sir John returned to Garsdon with the corpse of his father-in-law who was interred there. At this point in time it is said Sir John had run out of money, so he went to Brackley in Northamptonshire to collect some from a tenant there. Then due to the Civil War he had to obtain a pass from the Parliamentary General, the Earl of Essex to go to London. This was to attend the Court of Sequestration, who had assumed his absence was because he had joined the King at Oxford, so sold his goods and stock. The Committee would seem to have acted first then questioned afterwards. Sir John appealed against this, but was by then practically broke, so he returned to Springfield to be with his family and Martha his wife.
